BY  **United**  
TRAILERS

Shown above is a 7' x 16' Express Hauler with an optional ramp door and optional aluminum star wheels. Customer supplied family, cargo and expensive kid going off to college.

## YOUR BEST DEAL IN AN AFFORDABLE TRAILER!

### GREAT LOOKS & GREAT VALUE

The aerodynamic front cap, white spoke wheels, aluminum fenders and 24" tall aluminum stone guard give you a good looking trailer you can be proud of.

A sturdy tube frame (I-Beam construction on 7' wide models), uni-body construction and 3/4" plywood floor provide the muscle to go with the good looks. Inside you've got 12-volt lighting and lauan wood interior walls. The 6' & 7' wide model comes with a 32" side door to make loading even easier.\*

Some of our popular options include a ramp door, extra-height, roof vents, heavy-duty D-rings, axle upgrades and stabilizer jacks. A translucent roof option is new and is shown inside the brochure.

So, whether you're hauling junior off to college, the lawn tractor to the repair shop or some lumber home for your next building project, the Express Hauler is designed expressly for you!

\* (28" doors on 10' long models with tandem axles)

# Popular Options

## TRANSLUCENT ROOF

This is a great option to provide a lot of light inside your trailer. You have to see it to believe it. It's great!

## HEAVY DUTY D-RINGS

No trailer is complete without a method for securing your load. The heavy-duty D-rings are versatile and inexpensive.

## FOLD-DOWN STABILIZER JACKS

These are especially useful with a ramp door option. They keep your trailer level and steady while you load.

When you're not using them, they fold up under the trailer, hidden and out of the way.

## E-TRACK & E-TRACK CLIPS

E-track can be mounted in either the wall or the floor to provide maximum flexibility in securing your cargo. In addition, they can either be surface mounted or recessed.

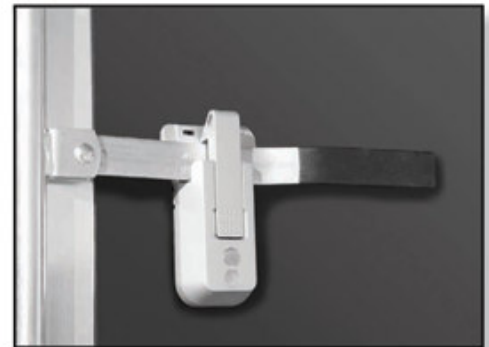

## TSR VENTS

Mount one in the front sidewall of your trailer and one in the rear sidewall on the opposite side. They keep fresh air flowing through your trailer and reduce the buildup of fumes.

## ALUMINUM STAR WHEELS

Jazz up your trailer with a set of our exciting aluminum star wheels. Why should your truck have all the fun?

## CARGO VISE-LOCKS

Made of cast aluminum and key operated, these are a great looking security option for your trailer.
